CRIPPLES' HOME AND INDUSTRIAL SCHOOL FOR GIRLS.

ANNUAL REPORT, 1910.

THE Committee are thankful to be able to report that the inmates have on the whole had good health during the year. Several girls have been greatly benefited by operations which have been performed, for the most part, at Hospital.

Eight cripples and five domestic girls entered the Home during the year and twenty-five girls left. Five of these went to a small Working Girls' Home, which has been started privately as an experiment to see if the badly crippled girls are capable of earning their living under favourable circumstances and having a workroom in the same house.

Cheering accounts have reached the Committee from many of those who have gone into situations and they have given gratuities to six girls who have kept their first situations for 12 months.

The Industrial Departments have had full employment during the year. The worth of the work done has amounted to £504 1s. 10d. The technical examination for domestic girls took place during the summer and the report was most satisfactory.

Twelve girls were confirmed in December. The preparation classes were again held in the Home, for which the Committee was very grateful; they desire also to thank all the ladies and gentlemen who have kindly taken the usual services, classes and working parties. The Home at St. Leonards was open as usual all the summer, but has been closed for a few months during the winter.

The Committee desire to thank specially all the Hon. Officers for their great kindness to the Inmates and for all the time and trouble that they give so ungrudgingly for the good of the girls.

The hearty thanks of the Committee are also due to those friends who have given treats and gifts of various kinds, which have been fully enjoyed by all.

"Cast thy bread upon the waters; for thou shalt find it after many days."

TREASURER'S REPORT, 1910.

the excess of the Receipts over the Payments of the Industrial Department provided £289 11s. 6d., the remainder (£559 17s. 9d.), being found to the extent of £520 by drawing on Capital Account and the rest by reducing the Bank Balance by £39 17s. 9d. The amount appearing as the surplus of Receipts over Payments in the Industrial Department (£289 11s. 6d.), differs from the sum shown on the Profit and Loss Account of that department (£339 17s. 5d.), owing to the fact that the latter account deals with the stock on hand and outstanding amounts besides actual Receipts and Payments.

Our Visitors' Book still shows that few friends come to see the girls, or to look over our Homes, and this the Committee are sorry for, but the following five specimens of help are not only interesting but very encouraging :—

	£	s.	d.
A Collection of Farthings left at the door	0	1	2½

Our Reserve Funds have been increased, we are thankful to say, by Legacies from the Executors of Miss Rose Wilcox, Dr. F. J. Cantrell, Mr. C. Smith, Mrs. C. B. Blackwell, and Mrs. Eliz. Amos, the particulars of each will be found in our Uninvested and Capital Accounts.

Subscribers and Donors are asked to send direct to the Home, as collectors do not call in London.
